

Accessibility

Our Policy & Commitment

At Morre, we are committed to accessibility, diversity, and inclusion. As part of that commitment, we are making efforts to ensure that Morre's digital properties are accessible to all individuals, regardless of ability. In doing so, Morre has a goal to comply with applicable accessibility standards included in the W3C's Web Content Accessibility Guidelines 2.1 Level AA.

Digital Accessibility Statement

We are working to ensure our websites and online services are accessible for all and are committed to following the W3C [Web Content Accessibility Guidelines](#) and [other applicable web accessibility laws](#).

To accomplish this, we have partnered with a third party to develop our digital accessibility program and capabilities so that we are designing, developing, and testing our websites and online services for conformance to accessibility standards.

Contact

We want to hear from you. If you would like further information about Morre's accessibility efforts, have other accessibility questions or feedback, or encounter accessibility barriers on our digital properties, please contact: support@morre.org.
